Mr. McBeevee

Compose complete and thoughtful answers to the prompts below. Write neatly.
Time indications on the questions correspond to the time of the video.

1) In your view, does Blacky the horse exist in some way? How? What happens to Barney when he discovers the Blacky cannot be seen in the empirical world? (3:15)

2) Who did Opie say gave him the hatchet? At this point (5:45) would you believe his account if he was your child? Why or why not?

3) This scene can be described as the apex of the episode (19:35). What is happening inside Sheriff Andy Taylor at this moment?

4) Using your knowledge of what the word Πιστις implies in the Gospel accounts, explain how Andy came to faith in Mr. McBeevee. (Belief is act of free will, Belief is without empirical evidence, Belief is focused on the Person of Christ.)
